

Superior Protection. Smoother Ride.

Recommended for:

- ◆ Wheel bearings of Trucks, Buses, Light Commercial Vehicles, MUVs (Multi Utility Vehicles), SUVs (Sports Utility Vehicles), Tractors, Passenger Cars and Off-highway equipments used in construction, mining & agriculture requiring use of NLGI-3 consistency grease

Benefits:

- ◆ Outstanding thermal and oxidation characteristics resulting in longer life of grease, better lubricity of bearings and extended bearing life
- ◆ Superior tackiness for better “Stay Put” characteristics providing excellent resistance to water washout
- ◆ Higher drop point provides wider operating temperature range of applications
- ◆ Excellent corrosion and rust protection performance

Specifications:

BIS 12203-1999

NLGI-3

**Long
Life**
